

## Meisterkeder LFF20 A3 size sample set

Article no. 5 6001 006

The **Meisterkeder LFF20** is an LED-illuminated tension fabric frame designed to create large homogeneously illuminated surfaces by backlighting white or printed tension fabric provided with a rubber (keder) edging.

The frame is suitable for all indoor applications.

The product combines PMMA acrylic glass, PVC rigid foam boards and LED strips with an aluminium frame.
